When a horny stud (Danny Robbins) discovers a hung blond hunk (Gary Adams) alone in the woods of Northern California, the scene is set for a hard hitting jock session whose excitement never flags. The two hot stars take turns at blowing each other's stiff meat for warm-ups. Then the already raw action gets even more raunchy as a determined Gary sinks his thick cock into Danny's tight asshole up to the nuts.

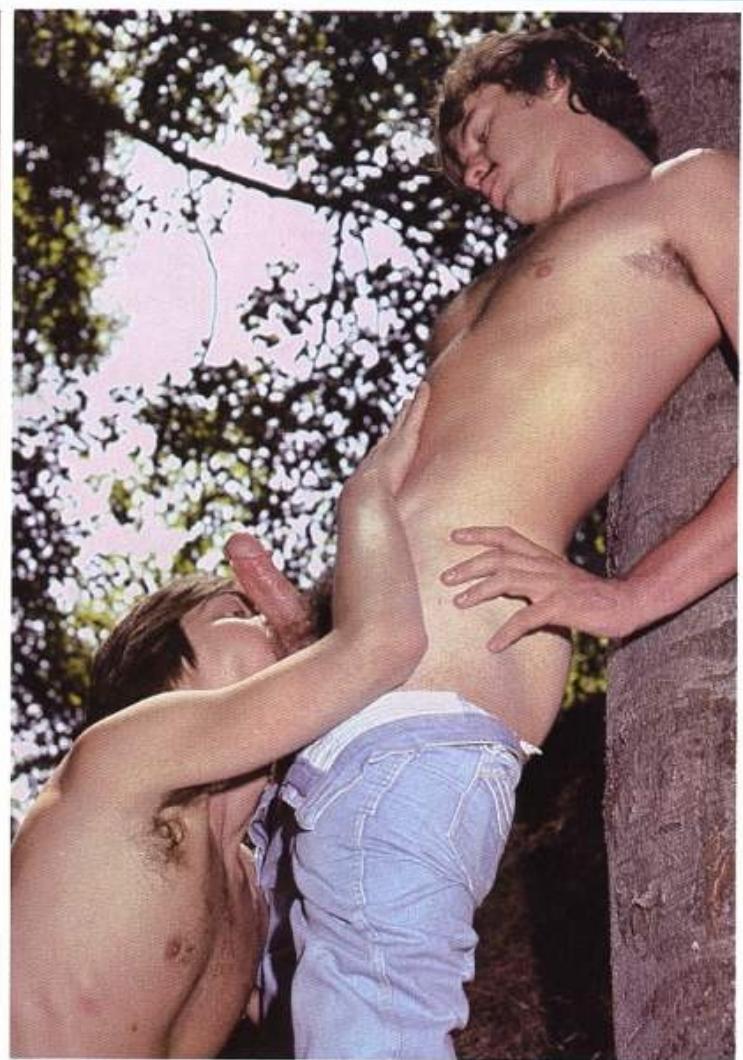

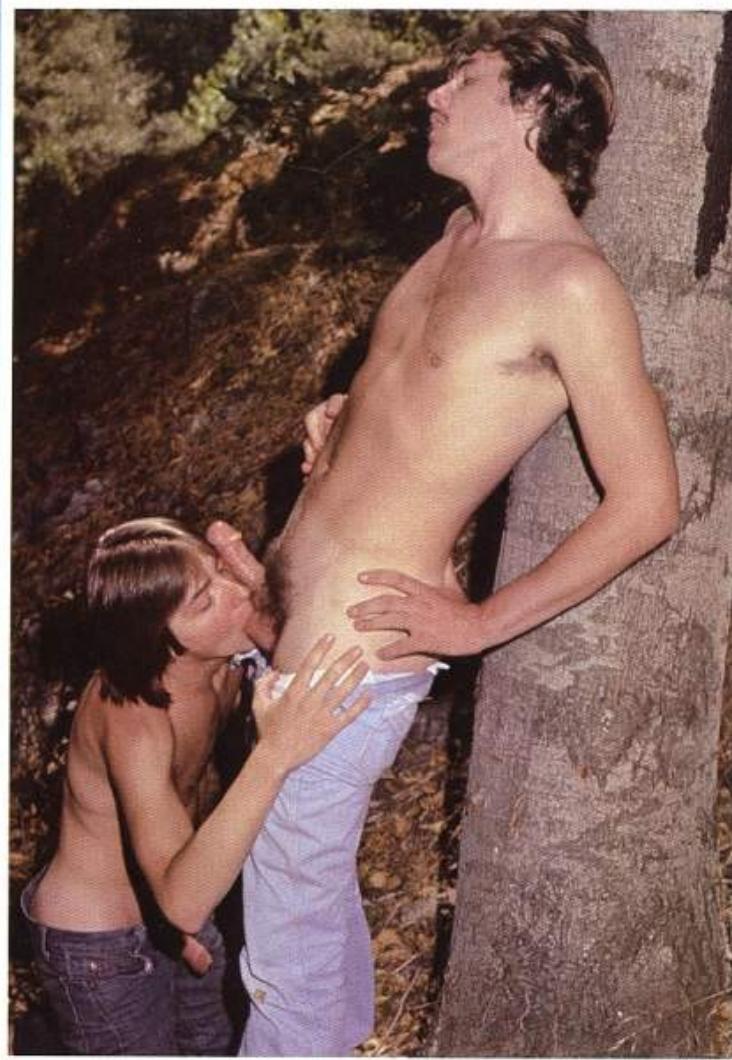

After taking a butt fucking you'll never forget, Danny gets a little of his own back as he grabs his own well sucked whang in his fist and jacks it off all over Gary's face. Naturally, the hungry blond cocksucker licks him bone dry with relish.

3 on 1

You're taking a rest on the trail. Suddenly, three humpy horny jocks appear out of nowhere with three very well stuffed baskets. Great, you think, a picnic. Your appetite is big enough to eat three superdogs.

The thing you don't know is, this unholy trinity of stiff male meat expects you to swallow all three big dongs up with your one tight, tender asshole.

You're so hot, they all want your ass. In fact, these hung studs intend to take turns at fucking your butt to shreds!

J.W. King, Troy Richardson, Steve Gere and Dave Wilkins star in this classic marathon of cocksucking and pumping ass. Troy is, of course, the lucky "one"

who gets his butthole jammed by all three turned on hikers. But there's plenty of dynamite action between all the men as they deep throat each other's throbbing dicks to huge hard-ons and trade off rimming and ramming each other's assholes until every one gets their burning jizz filled rocks off in the rugged mountain setting. All four stars

turn in mouthwatering performances, especially Troy, who actually has to cool his well fucked butt in the stream after enduring the ass pounding of his life. With enough prime-cut meat to fill a bunkhouse, four long, ball licking tongues that never quit, and many remarkably explicit ass cramming scenes, this film has got it all!
